Tioxil®

Vitamin E, Vitamin C, Lutein, Zinc & Copper

Description

Tioxil® is a combination of Vitamin C, Vitamin E, Lutein, Zinc & Copper. It is an advanced new antioxidant supplement formulated to provide nutritional support for the eye. Vitamin C & Vitamin E reduce the risk of cataract, Lutein protects the macula for degenerative or light damage, zinc works as a co-enzyme for many enzymes and copper plays an important role in growth, skeletal integrity & development of nervous system.

Indication

Tioxil® capsule is indicated for Age Related Eye Diseases (ARED), e.g., Age Related Macular Degeneration (ARMD) & Cataract.

Dosage and administration

Tioxil® capsule, one or two times daily or as directed by the physician.

Side effects

Generally this preparation is well tolerated. However, large doses of Vitamin C can cause diarrhoea and other gastrointestinal disturbances. Large doses of Vitamin E may also cause diarrhoea, abdominal pain, some other gastrointestinal disturbances, fatigue and weakness.

Contraindications

This preparation is contraindicated in patients with known hypersensitivity to any of the ingredients of combination.

Precautions

Vitamin C should be given with care to patients with hyperoxaluria. In patients taking oral anticoagulants or estrogens. Vitamin E should be given carefully because it has been found to antagonize the effects of Vitamin K leading to an increase in blood time in these patients.

Drug interaction

No drug-drug interaction has been reported.

Overdose

No data has found regarding overdose of this preparation.

Pharmaceutical precautions

Store in a cool and dry place. Protect from light.
